### THE STATE AND DISTRICT CONVENTIONS.

The Republican State Convention which assembled in Norombega Hall, yesterday was composed of as fine a body of men in point of numbers and intelligence as ever brought together in the State. It proceeded to the business before it in a way that bespoke careful thought and an earnest purpose for success at the coming September election. One most notable feature of the Convention was the one hour silence which followed the announcement of the death of Hon. James G. Blaine, awakened and whenever it was mentioned, the old hall echoed and re-echoed with such hearty applause as only the great admiration of the people for that honored statesman could call forth.

Our statement in the yesterday morning issue that the country will expect the appointment of Mr. Bristow to the Secretaryship soon to be made vacant by the retirement of Hon. Lot M. Morrill, who is to assume the duties of Secretary of the Treasury was not based on any authorized assertion of the President, but was a reasonable conclusion from the fact that the President desires to have in his Cabinet a man who will be in full accord with him in the policy he has inaugurated for the administration of the Department, and who will be "any let up in the warfare upon fraudulent rings and revenue thieves," they will find themselves woefully mistaken. His magnet may be a little less pure than that of Mr. Bristow, but his grip will be equally severe. The President deserves the thanks of the country for filling with promptness and dignity a place with so good a man.

The message of the President to Congress in relation to the appropriation bills is proper and dignified. He calls the attention of the legislative departments to an imminent evil, he simply suggests that, in case these important bills are not ready for action prior to the expiration of the fiscal year, a guarded and temporary remedy shall be provided. To this message the House of Representatives takes exception, it deems it an impertinence that the President should be anxious for the continuance of all branches of the Government in the accustomed and necessary fashion. The people will not consider it. Without demanding upon the delay of the House, or mere irritating speech or manifestoes of the controversy between it and the Senate, it does very childish in the popular branch of Congress to get mad with General Grant because he does not fashion affairs of things which would be most pleasing to one aspect, as it would be detrimental in another to the dignity and welfare of the nation. The Democratic boys in the House may think it smart to stop the wheels of Government at the great expense but the fun for them would be of no long continuance, and the indignation of all reasonable citizens would soon compel a course of more importance with the party of Hancocks and Tildens.

A letter from Constantinople written before the accession to the throne of the present Sultan, gives the following interesting particulars about the Turkish Imperial family. "Of all the princes and princesses only the sons of Abdul Medjid brother and predecessor of Abdul Aziz live in the palace. The others reside in splendid habitations on the Bosphorus. The heir to the throne Murad Effendi the eldest of these sons of Abdul Medjid, who is about £11,000 sterling per annum and his brothers live in strict seclusion. They see the Sultan only once a year, at the festival of Bairam. They appear neither in public ceremonies nor at the receptions of foreign sovereigns or ambassadors. None of them possess any rank or title. These young men however are distinguished by real excellences. Murad Effendi reads and writes French, he is studious, the people round him praise the sagacity of his mind and the goodness of his heart. The humiliating position of the princes is the more striking by comparison with the honors showered by the Sultan on his cats.

If at the action of the Republican Convention has upset the calculations of the Democratic leaders there is no room for doubt. They had counted on carrying on an aggressive campaign and securing the results for which their extensive scheme of investigation had been laid at Washington, and they now find themselves put upon the defensive with the country asking what has become of the business of the session. All they were fatiguing to get a little Republican evidence upon until the succeeding month is nominated. This state of things does not tend to tranquility of mind, and the various Democratic factions are by no means in good humor with each other. The question who can most safely be nominated at St. Louis is one which each faction and then is accused of being unable to answer, and to which none of them seem able to respond.

## "TRUTH is MIGHTY, and Will PREVAIL."

## SWORN STATEMENT

—OF A—

### BOSTON POLICE OFFICER.

H. B. STEVENS, Esq.

Dear Sir—For some years I took sick at irregular periods with Rheumatic fever from which I suffered about four months. When I recovered from the fever I found myself afflicted with pain in my side and inflammation which lasted for months. I was under the care of the best physicians in the State, but got no help, and constantly grew worse. They agreed that I had heart disease, phthisis, dyspepsia and kidney complaint, and could never be any better. I was reduced in weight 60 pounds, which is much, for I am naturally thin.

In June, finding I was failing under the treatment of the physicians, I commenced the use of Hop Bitters through the earnest persuasion of friends, and I am happy to state, with good results. I have gained ten pounds in weight, can sleep all day, walk half a mile, and ride six.

The use of your Bitters has entirely overcome the Rheumatism, and all indications are that the disease will not return. I am now in good health, and look back for the truth of this statement I refer to any man in Godliness or Vicinity. Yours, very truly,

A. J. BURRICK.

Sworn to before me this 29th day of Feb., 1876.

*Further Proof—Facts Will Tell.*

H. H. STEVENS, Esq.

Dear Sir—Allow me to say a word in favor of HOP BITTERS. During the past year I have suffered from a complication of diseases. I laid in bed from the 1st of November until the middle of the following June, and on an average did not sit up two hours a week. I had eight of the best physicians in the State, but got no help, and constantly grew worse. They agreed that I had heart disease, phthisis, dyspepsia and kidney complaint, and could never be any better. I was reduced in weight 60 pounds, which is much, for I am naturally thin.

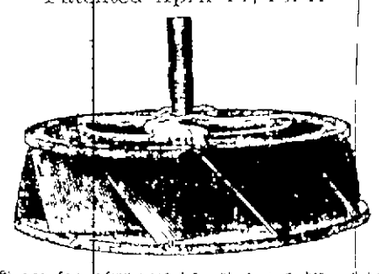
## HINCKLEY & EGERY IRON COMPANY,

### MACHINISTS AND IRON FOUNDERS,

BANGOR, MAINE,

Manufacturers of T. N. EGERY'S IMPROVED TURBINE WATER WHEEL,

Patented April 11, 1871.



This Water Wheel is running in connection with the Machinery in

In Wheels of this class where the chest is placed in the tail race, it is necessary to have the wheel run away from the draft tube, and in consequence much water is lost in the form of spray. In the Wheel which we now offer to the public, this difficulty is entirely overcome, as the chest is placed in the draft tube, so that the water is carried to the wheel in advance of it, and the wheel runs in the draft tube, and not in the air. Three feet less in the difference or what is the same thing, four feet more fall is obtained by the use of this Wheel than by the use of the old style Wheels, using the same quantity of water.

These Wheels have been proved by actual experiment to be more than equal to any of the Wheels now in use, and we are prepared to prove it to any one who will favor us with a call.

To any Water Wheel Builder who wishes to manufacture under Patent, we will sell the right for the manufacture and sale of the Wheel, on reasonable terms.

Address as above, or call on the subscribers at their Foundry, corner of Water and Hammond Streets.

### FORTY-FOURTH CONGRESS First Session

**Senate**

WASHINGTON June 22

During the morning hour several bills of minor importance were passed and the consideration of the Naval Appropriation bill was resumed The bill having been considered in Committee of the Whole it was previously amended it was reported to the Senate and amendments concurred in It was then read the third time and passed

Mr Edmunds gave notice he would to-morrow call up the bill to amend the enrollment act

Adjourned

**House**

The House went into Committee of the Whole on the sundry civil appropriation bill

An amendment to have the public printing done under contract by the lowest bidder was agreed to

Mr Foster denied the truth of the assertion by Mr Randall that the reduction of expenditures by appropriation bills this session is forty millions as the reduction was got more than thirty two millions He also said a deficit of seventeen millions in revenue, as stated by Mr Randall, was a remark and the deficit does not exceed five millions He believed the pruning knife should be inserted to the bill wherever it could be properly done but people ought not to be led to understand that the Treasury is seriously bankrupt as represented by Randall The fact is that that the Treasury is in a better condition than at any time for the past four years

Mr Randall defended his previous statement The item having been read directing the Secretary of the Treasury to reserve of the revenues of the District of Columbia a sum sufficient to meet the interest on the 3-65 bonds accruing within the next fiscal year, and apply the same to that purpose, Mr Randall moved to add a provision that in case there should not be sufficient amount of revenue belonging to the District such times as the interest shall become due, the Secretary of the Treasury shall advance the amount necessary and shall reimburse all to the Treasury out of the District revenues afterwards received

Mr Holman opposed the amendment Pending the act on the committee took a recess The discussion of yesterday was closed and that of to-day formally opened

Mr Williams, Chairman of the Committee on Accounts sent to the clerk's desk and had read a newspaper article reflecting on the committee in connection with alleged pilfering in the document room of the House and explained that the committee on Accounts had no special jurisdiction in the matter

Mr Randall's amendment for the payment of interest on the District 3 65 bonds was adopted

### THE FEATURES OF HIS CASE.

WASHINGTON June 23 Mr Blaine has not been so well since Monday evening, when he made a brief speech to the large crowd that came to serenade him from the ratification meeting Short as the effort was it very greatly exhausted him and he has grown weaker every day since For two days past he has suffered very much from exhaustion and has been confined to his bed Surgeon-General Barnes thoroughly examined his case this evening and finds him suffering from extreme nervous exhaustion and from severe and malarial poisoning These features of his case are complicated somewhat with threatened organic troubles and Surgeon-General Barnes prescribes absolute rest for several weeks, as indispensable in averting very serious consequences He orders that the rest be taken in some invigorating air on the sea shore or mountains Doctors Pope and Verdi who were in attendance upon Mr Blaine during his original attack have been urging upon him the same course prescribed by the Surgeon General

### CLYMER'S COMMITTEE.

**The Caldwell Telegrams—Scott's Letter to Proctor Knott.**

NEW YORK, June 22 Washington despatches says that Thomas A. Scott has written Proctor Knott a letter in which he says that the only telegram he ever sent to Josiah Caldwell at London, was in answer to one received from Caldwell by cable. The latter does not appear in the telegrams published Tuesday, though Scott's answer does appear. Col. Scott disclaims all knowledge of the other telegrams to Caldwell suggesting the form of his indorsement of Scott's testimony. The question now remains open still as to who wrote the anonymous telegrams to Caldwell from Philadelphia, which he embodies in his reply. Scott was called upon by a young man representing himself as Caldwell's Secretary, who said he wished to cable to London suggesting that Caldwell telegraph to the Judiciary Committee his knowledge of the Little Rock and Fort Smith bond transaction, and asked Scott to defray the expense thereof, but Scott declined to do so.

**The Telegraph on Extradition**

The Telegraph supports Derby's position on the extradition question, and says it is better that there be no treaty at all than that England should yield to any power her determination of refusing upon what ground and for what offence the fugitive refugee is surrendered from her soil That is a principle which dominates British action in this matter, and Lord Derby has the whole nation behind him in the policy he has followed throughout the present complication

### REPUBLICAN STATE CONVENTION.

**Large Attendance—A Fine Convention—Renomination of Gov. Connor—The Electors-at-Large—A Good Sound Platform.**

**Enthusiasm at the Mention of Mr Blaine's Name—A Resolution Recommending his Appointment to the Senate Adopted Unanimously with cheers—A Vigorous Campaign Opened.**

The Republican State Convention met in Norombega Hall at 11 o'clock according to the call issued by the State Committee But previous to the assembling a large number of delegates from Portland Lewiston, and places along the line arrived by special train and headed by Chandler's band, twenty one pieces, marched to the Hall, to the strain of finely played pot pourri of popular airs The Convention, which was as fine looking and large assembly of men as has met in Norombega Hall, this many a day, was called to order by Col Smith Secretary of the State Committee who nominated for temporary Chairman, William M Rust of Belfast, who, on taking the chair addressed the Convention in the following manner

MR RUST'S SPEECH

The speaker began by a reference to the Centennial year of the Nation's existence and the grandeur of the success of the experiment of Government of the people by the people This year in the midst of

Whig and Courier. FRIDAY, JUNE 23, 1876.

into two great parties, the one a compact organization, holding that the States are but geographical, that the principle of equal civil and political rights should be the first policy with their United States

The other a mixture of two factions the element of which holding doctrines antagonistic to the Union, and found upon its ruin a confederacy of States based upon slavery as its chief corner stone and the other fresh from its attempt to paralyze the arm of the Government in its suppression by the unspeakable attempt These two factions though apart in their live issues united and are endeavoring to get control of the Government The contest is to be a fierce one and is known by its hosts of friends and foes But regard for anything but party policy On this issue the rallying and fighting State but so little need I dilate in order to show that the people must come out of power as soon as they could get the ballot box

The speaker next took up the slander campaign which the Democracy is carrying on, and said it is not surprising that they are splitting their throats crying corruptions since they can secure by agitation some share of public plunder

The Republican party alone not merely to have from time to time its antagonisms but from its positive rectitude in its administration of the affairs of the nation—selfish disinterestedness are found everywhere Now in our history have we had an administration of a political party shown more vigilance in investigating alleged wrong doing, or been more unsparing of those who have been found culpable—And this it has come to this that a political party which is constantly seeking to purge itself of all its frailty and uncleanliness shall for the reason that some dishonesty is exposed thereby be thrown out, and discredited party If such a party which stifles investigation, shields its rogues and whitewashes cover all accusations would be the most popular

He spoke of the Democratic party receiving its strength overthrowing and its shallow pretences on the great questions of the day were pointed out by the speaker, who said that there were other issues involving higher than Democratic orders of reform, which mean nothing save a desire to obtain power

The list of the speakers address paid a glowing tribute to Hon James G Blaine as the great Republican leader and the people believed so of Maine, whose people ever stand ready to honor him so richly deserving it, there from Is

At the close of the address the chairman introduced Rev Dr Field of the Central church in offering a fervent prayer for the Divine blessing on the deliberations of the assembly, and at the close the Call for the Convention was read by Col Smith and as the concluding words "signed James G Blaine, chairman of the State Committee" were uttered, a round of cheers went up for the favorite son of Maine and the great leader of the Republicans of the old Pine Tree State

SPEECH OF EX-GOV. DINGLEY.

While the Committee on Resolutions were in conference, the Chair called Hon Nelson Dingley, Jr, to address the Convention, and Mr. Dingley came upon the platform amid the hearty applause of the assembly. In beginning his remarks the speaker said that he was wearied with the labors incident upon his attendance upon the National Convention at Cincinnati, and though in common with the Republicans of the State, he felt disappointed that our gallant leader, Hon James G Blaine, is not to be our standard-bearer, yet he felt full of enthusiasm, inspired by that noble statesman's endorsement of the very ex cellent ticket put forth (Applause) No leader in this country, no leader in any other country was ever stood by more ardently than was Hon James G Blaine, not simply by the delegates from Maine, but by those from Illinois, (applause,) Iowa, Nebraska and all over the country

He said Mr Dingley, you could have heard the expressions of regrets from all parts of the country that Mr Blaine was not the nominee you would with us have felt proud that Maine has chosen him But this is not the time to express regrets — We have caught the spirit of our great leader, James G Blaine (applause) and will roll up such a majority for our State ticket in September as will foreshadow the result in November We are proud of our leader and whom will be tried in the fiery furnace of the country We are glad that so true and tried a man as General Rutherford B Hayes is to stand at the head of the ticket, and though we have not seen him long, and with the nominee for the Vice Presidency we have our first choice

In an interview with Mr Blaine after the Convention he wished me to bear to you his most hearty regards and thanks for your friendship in his hour of trial and his desire that you will give the Nation the benefit of your earnest and hearty support

A RESOLUTION OFFERED RECOMMENDING MR BLAINE'S APPOINTMENT TO THE SENATE

A delegate from Oxford moved that the resolution be referred to the Committee on Resolutions

Col J W Porter said "The Convention is ready to Blaine decision on the resolution at once as they will be to have it come from the hand of the Committee now busy in the ante room"

The motion of the gentleman from Oxford was promptly withdrawn and the chair submitted the resolution to the Convention which was immediately adopted by a rising vote followed by three ringing cheers for Hon James G Blaine and three more for Hayes and Wheeler

A TELEGRAM FROM MR BLAINE READ

When the applause had subsided the Chairman read the following telegram addressed to the President of the Convention

The platform was adopted by a unanimous vote and this, one of the best State Conventions that has assembled for several years, adjourned *sine die*.

### REPUBLICAN DISTRICT CONVENTION

**Large and Enthusiastic Meeting—Intense Interest manifested—Hon Llewellyn Powers Nominated**

The Fourth District Republican Convention met at City Hall yesterday afternoon, and long before the time of calling the delegates to order the floor and galleries were filled to their utmost capacity Shortly after the time appointed Charles Hamlin, Esq., of the District Committee, called the meeting to order and read the publish'd call under which he address ed the meeting in a brief but terse speech advising harmony, and stating that from the composition of the convention—made up of true as tried Republicans—sagacity and wisdom must prevail in their councils. The nominee of that convention would confidently carry the District in the Fall by an overwhelming majority. He then nominated Hon T W Porter, of Burlington, as chairman Mr Porter on taking the chair was received with applause. He stated that there was so much business before the Convention and the time was so limited that he would not delay them with any speech, but would refer them to the eloquent remarks made at the State Convention in the morning, and to the stirring address of the previous speaker He was sure the Convention would act for the best interests of the Republican party, and that their nomination would as of old, be successful at the coming election He then announced he was ready to proceed to business Hon Nov land, of Ashland was chosen Secretary

On motion the chair then appointed a Committee on Credentials, as follows J S Wheelwright Bangor, Hiram Ruggles Carmel, I R Kingsbury, Lyndon, James Newland, Ashland, William Lamson, Monson, C M Rand, Parkman

On motion of B J Hill, of Prosper, the following Committee on Resolutions was appointed by the chair B J Hill, Brewer, W B Bullard, Lincoln, S A Patten Monson, W P Young, Milo Harry Rackliff Easton Nathan Parry Presque Isle

Mr Matthews of Hampden, moved to have all resolutions referred to the committee without debate Hon J B Foster objected to this as he claimed that it was without precedent A spirited discussion then took place, in which Messrs Foster, Clark and others took part, that the motion should not prevail and Messrs Matthews and others urged its passage An amendment was introduced by Mr Foster to the effect that the resolutions should be reported by the committee in order that the Convention might vote upon them The amendment was defeated and the motion prevailed

Hon J B Foster then presented the following resolutions, prefacing them with earnest but brief remarks

*Resolved*, That the existence of the Union, unshrined with a Government unassailed, is due to the Republican Party, and the country hope for its continuance rests upon that party

*Resolved*, That in view of the responsibility resting upon the party great care should be observed in the selection of good and true men to fill responsible offices, and while perfection is not expected in any candidate, we should absolutely reject corruption

*Resolved*, That the Republican Party cannot consistently, with their avowed principles, put in nomination for office any man who has not a good moral reputation, and if this Convention nominate such an one it should not be deemed in violation of Party obligation for any member of it or any Republican in the District to refuse support to such a nominee

After the above were read the chairman read it then out of order

I M Plaisted, of Lincoln, also presented a resolution in behalf of the Republican of Lincoln, for whom he was acting

*Whereas*, Our last District Convention assembled at Bangor to nominate a candidate to represent us in Congress drew its expression their preference that the candidate for the Congress onal succession should be selected from Aroostook county and

*Whereas* We recognize the fact that there is, to a certain extent made it obligatory upon the party to consider the question of locality in the selection of its candidates

*Resolved*, That while, as a principle, we do not approve of dividing the District in to sections from which a candidate is to be selected in rotation, believing it to be in conflict with the fundamental principles of our Government, and detrimental to the best interests of the party and the people We cannot recognize the right of any convention assembled for a specific purpose to hamper or embarrass the party In the selection of its candidates for the future still, in consideration of the facts in relation stated we concede to Aroostook county the privilege of naming our next candidate for Representative to Congress provided she shall present a man who will command the respect and support of the entire party throughout the District

Aroostook failing to do this, we consider ourselves absolved from all obligation, whether expressed or implied, and demand that our next District Convention shall present for our suffrage a man whom we can conscientiously and heartily support regardless of locality

The resolution was ruled out of order

A G Wakefield, Esq., of Bangor, made quite extended remarks, stating that he could not support a candidate who could not stand on the resolutions read by Mr Foster He had been a life-long Republican and had never scratched a ticket; but he would not support the nominee of the convention unless he was an honorable, upright man, and if he should not be such a man he would do all in his power to defeat his election. He was willing Aroostook should name its candidate, but he must be the right kind of a man

The Committee on Credentials reported through their Chairman, as follows,

| | |
|---|---|
| Whole number of delegates, | 348 |
| Aroostook, | 60 |
| Piscataquis, | 30 |
| Penobscot, | 138 |

Mr. Foster moved to have the names of delegates read.

Mr King, of the Committee on Credentials, stated that it would necessitate their looking up the credentials, and would require too much time, but they would give the names of contesting delegations, if desired.

A long and animated discussion ensued, in which a large number of delegates participated. The amendment suggested by Mr. Foster was rejected, and the report of the Committee accepted and adopted.

The temporary organization was made permanent.

Mr Foster again introduced his former resolutions, which were referred to Mr. Plaisted's resolution was also referred to the committee.

Mr. Matthews then moved that the vote on Congressional nominee be taken in the alphabetical order of towns.

A. G. Wakefield, Esq., then presented the name of Lyman B. Strickland, of Houlton, as candidate for Congress He spoke in highly eulogistic terms of the gentleman's upright character

L R. King, of Houlton, presented the name of Llewellyn Powers, Esq., of Houlton, in a forcible and strong speech Mr Powers' name was received with cheers and applause.

W Sewall, Esq., of Bangor, presented the name of Hon H M Plaisted the present incumbent, and referred to his past brilliant record

The Chairman appointed the following committee to receive, sort and count votes

E A Harding Hampden,
R. S. Morrison, Bangor,
John R Wood, Littleton
Daniel Randall, Island Falls,
John F Sprague, Abbot,
Ephraim Flint, Dover

The result of the ballot was as follows

| | |
|---|---|
| Whole number of votes, | 243 |
| Necessary for choice, | 122 |
| Llewellyn Powers, | 197 |
| Harris M Plaisted | 33 |
| Lyman S. Strickland | 8 |
| Henry R. Downs, | 5 |
| F P Burleigh | 1 |
| J S Wheelwright | 1 |
| John A, Peters | 1 |

And Llewellyn Powers was declared nominated

The chair appointed E C A Packard, J W Palmer and W M Robinson as committee to escort the Hon Powers into the Convention

The Committee on Resolutions made the following report

*Resolved*, That it is the deliberate opinion of this convention that we can all heartily and loyal members of the Republican party of the State and cheerfully accept sustain and vote for, as well as to do all in our power honorably to elect to the position of Representative to Congress from the Fourth District the nominee of the Convention

*Resolved* That we hereby fully and warmly endorse the action of this day had in the State Convention in re-nominating by acclamation to the office of Governor of Maine the present incumbent of that high position and we unanimously second the hearty approval by that Convention of the platform adopted by the National Republican Convention recently held at Cincinnati

The committee report declaring the resolutions submitted by Messrs Foster and Plaisted and after a vigorous debate and advocacy of the amendment pro and con the amendment was lost by a vote of 151 to 92 and the resolutions as the report of the committee was adopted and the report accepted

The District Committee is as given below

| | |
|---|---|
| Penobscot—I C Bartlett | W Shaw |
| Piscataquis—S A Patten | C J Dunning. |
| Aroostook—Jesse Drew, | John R Wood |

Messrs Perry, of Presque Isle, Ruggles of Carmel and Flint, of Dover were appointed a committee to inform Mr Powers of his nomination

After a short interval Mr Powers appeared on the platform and was greeted with the most flattering and enthusiastic applause.

After the enthusiasm had subsided Mr Powers thanked the Convention for the great honor bestowed upon him He thanked them not so much for himself, as for the seventy five delegates from Aroostook, who were interested enough to take such pains to come to the Convention He should endeavor, if elected to discharge every trust with fidelity to one and all. One year ago Aroostook placed her support to the nominee and for the years she has honored every draft of her sister counties Piscataquis and Penobscot will stand by her to-day as she has stood by them in years past It was gratifying to him to have the united unanimous support of the delegates from his own county Aroostook will stand by her record and the other counties fulfill their share of the pledge Aroostook has stood by him in the past and to-day, and she will do so in September. The people have yet to point out one public act of his of which they can complain. During all his public career he had been faithful to the trusts imposed upon him It is the duty of all the delegates present to go home and organize for HAYES AND WHEELER Aroostook will do it

In closing he again thanked the Convention for the nomination The remarks were frequently interrupted by hearty applause, and at their close rousing cheers were given for HAYES AND WHEELER and three for Llewellyn Powers

Hon Josiah W Palmer of Bangor moved that Hon H M Plaisted be elected Presidential elector by acclamation and the motion prevailed The Convention then adjourned

It is but just to state that the impartial and excellent manner in which Mr Porter performed the arduous duties imposed upon him, was highly satisfactory to all parties, and the many expressions of approval were very complimentary
